KATANNING and DISTRICTS

HONOR ROLL 1914-1919.

*In honor of the Men
from these Districts
who fought
in the Great War
1914--1919
and in
Memory of the Fallen
on Land and Sea.*

Foreword.

“ Honor to whom Honor is due ”

AND to whom can honor be due more than to those who came forward in the hour of their country's need and offered themselves in her service? Over 300,000 men went forth from our shores, the very flower of the manhood of Australia. It was a heavy sacrifice to make, but men recognised everywhere that if the world was to be saved, it must be saved by its best. On the cliffs of Gallipoli, in the Egyptian deserts, on the sites of the most ancient cities of Syria and the East, in the stricken fields of France and Belgium, everywhere, they fought the battles of Empire with a heroism that can never fade, and in doing so they built up for Australia a great name and a glorious renown amongst the foremost nations of the earth. How can we thank them for

such deeds? How can we make any adequate records of the deeds themselves? It is impossible! Such records as there are, the bare official records of the great deeds of these glorious men of whom we are so proud, are records of unsurpassed, almost unequalled heroism. It is surely well that there should be some permanent record of these brave men who have deserved so well of their country and their fellows, and it is for this reason that this record of enlistments of the men from these immediate districts is published. Such a record, imperfect though it be, will make it easier in future years to point to their deeds of valor which the historian has preserved for us, as a glowing example of what they did, of what they won, and of what future generations should aspire to be.
